

# EXPLORERS ACADEMY OF SCIENCE & TECHNOLOGY (EAST)

## CORE VALUES

- **RESPECT:** We appreciate each person and their story through our words, actions, and attitudes. We value their unique perspective and treat others with dignity. We see diversity as a strength.
- **RESPONSIBILITY:** We acknowledge that our actions and choices impact ourselves and our community. We take ownership of what we do and how we choose to do it.
- **INTEGRITY:** We act and speak with honesty, fairness, and thoughtfulness. We consistently align our words and actions.
- **COURAGE:** We possess the confidence and resolve to take risks, push ourselves, and persevere in the face of pressure, adversity, or unfamiliar circumstances.
- **CURIOSITY:** We are eager to learn, question, and explore. We have a thirst for knowledge, a love of investigation, and a desire to learn about ourselves, our community, and our world.
- **DOING YOUR BEST:** We put our best effort into everything we do. We know that individual and collective effort is required for our community to thrive.
